Final year student, currently pursuing my btech from B.I.E.T Jhansi. I have a prior and relevant work experience in web development and have proficient in working with framework including next.js and express.js. I enjoy solving challenging problem and have worked with a good number of successful development teams.

EDUCATION

Bundelkhand Institute of Engineering and Technology, Jhansi
Bachelor of Technology in Information Technology, 2018-2022   **7.85**
S.R.B.P.I.C, Jaunpur
Intermediate   **82%**

PROFESSIONAL EXPERIENCE

MakeOurApp
Software Developer   *2 Jun 2021 – 31-Jul 2021*
- ✓ During the internship period me along with team worked on a making a web application, which aim to deal with PDF file like we do in Adobe acrobat reader.
- ✓ I used MERN stack to develop the application and used next.js as a framework for react.js.

Coding Ninjas
Teaching Assistant   *14 Jun 2021 – Present*
- ✓ Working as a TA in coding ninjas, where I used to debug the codes of students in Full stack web Dev (node.js, react.js).

Legalshala
Front end Web Developer   *31 December 2020 – 28 February 2021*
- ✓ During the internship period, me along with the team worked on the online community platform www.legalshala.com
- ✓ I used frontend frameworks for the development and scratch cloning of the web pages using HTML, CSS, JS and Bootstrap and integrating in ejs templates.
- ✓ At the same time, I also made several campaign web pages on the material library.

TECHNICAL SKILLS

- ✓ Programming Language - (C++)
- ✓ Data Structure and Algorithm
- ✓ Web Technology – (HTML, CSS, JavaScript, jQuery, Bootstrap, React.js, Next.js, Redux, Hook, Node.js, Express.js)
- ✓ Database – (MySQL, MongoDB)

PERSONAL PROJECTS

Realtime pizza app
Node.js, Express.js, Socket.io, axios   *Arpan Garg (SDE at Google)*
- ✓ This web app is simply developed by using node.js, UI is developed by using Talewind CSS
- ✓ It has all the functionality of that a food website generally had, most importantly it worked on real-time and there is an admin panel to change the order status and for add the new pizza.
